Dear Members of the Commission:

We are writing in support of Utility System LLC's requested rate increase in Christopher Creek. We have been homeowners in the area for several years and have seen first hand the challenges represented by its aging infrastructure of tanks, pipes and pumps.

A reasonable monthly rate increase would seem a prudent investment for the future for the community, as well as the survival of a small business person who is doing his best to provide it with clean water.

Sincerely,

John and Kay Poinier
